OFFICER JACKSON IS EXONORATED

Showed Conclusively That He Did Not
Get Money From Man Named
Miller.

Special Officer J. A. Jackson, who
was accused of extorting money from
a man named Miller, was thoroughly
exonerated of the charge by Magistrate
Peter B. Stevenson last night.

When Mr. Jackson read in the Daily
Press yesterday morning that the
charges had been preferred against
him he immediately came to Ham-
pton and made a demand for a thorough
investigation of the alleged offense.
Mr. Jackson stated that he arrested
Miller and allowed him to go free
later simply out of the goodness of
his heart. Miller is a married
man and Officer Jackson felt kindly
disposed to him in his troubles.

Miller appeared before Magistrate
Stevenson last night, but was unable
to prove his charge, so the justice
immediately dismissed the case.

Mr. Jackson also showed a letter
from County Clerk Harry H. Holt,
showing he had been appointed a
special officer and had qualified as
such before Judge Montague during
the days of the old county court.

Mr. Jackson is well known in this
section and his friends claim that
Miller made the charge against him
through pique.

Colonel Knox at the Home.

Colonel Thomas T. Knox, the inspec-
tor general of the National Soldiers'
Homes, arrived at the Hampton Home
yesterday morning. Colonel Knox is
here on official business, the nature
of which was not given out.

TOBACCO FACTORY MAY COME HERE

Understood Wright, Caesar Com-
pany May Remove Its Rich-
mond Plant to Hampton.

SITE HAS BEEN AGREED UPON

The Factory Would Afford Employ-
ment to 100 Persons—Will Manufac-
ture the Weed—Location is Near the
Chesapeake & Ohio Depot in East
Hampton.

There is a strong probability of
Hampton securing a large tobacco fac-
tory.

For several weeks Capt. V. P. Holt,
secretary of the old Business Men's
Association, has been in communica-
tion with the Wright-Caesar Tobacco
Company, of Richmond, as to the ad-
visability of removing their plant to
Hampton and it now seems quite
likely that the firm will decide to do
so.

Mr. Caesar, a member of the firm,
was in Hampton on Thursday and was
shown several suitable locations by
Captain Holt. Mr. Caesar expressed
himself as much pleased with the site
near the Chesapeake & Ohio railway
depot and as the site can be secured
with ease Mr. Caesar will likely de-
cide to accept it.

Before leaving Hampton for Rich-
mond, Mr. Caesar told Capt. Holt that
he would recommend the site to his
firm and that he would within a day
or two write Capt. Holt of the firm's
final decision.

According to Mr. Caesar the plant
will give employment to between 100
and 150 persons to start with. The
firm manufactures tobacco and it is
necessary for its plant to be near the
railway.

Capt. Holt in speaking of the visit
here of Mr. Caesar, yesterday, stated
the plant to Hampton, as it will mean
the starting of work to induce other
industries to come to this community.

The site selected by Mr. Caesar is
the old ice plant and would afford
ample room for his factory at the
present time.

THERE ARE 640 SCHOOL PUPILS

Report of Prof. Guy Will Show 340
White and 300 Colored Children
of School Age in Hampton.

According to the school census re-
port of Prof. George W. Guy there are
640 children in the town of Hampton
entitled to attend the public schools.
Of the number 340 are white and 300
colored. The corporate limits of
Hampton are very small and for that
reason the report shows a very cred-
itable increase over the census of
several years ago.

Prof. Guy will begin this week tak-
ing the census of the school children
in Chesapeake district. He will then
go to Wythe district.

Phoebus has been completed show-
ing about 500 children of the school
age.

Prof. Guy stated yesterday that he
is gratified to find that most of the
children, both white and colored, are
able to read and write and that most
of them attend the public schools.

"One peculiarity in securing the cor-
rect number of the children in the
homes is the fact that many people
believe that my report will have some-
thing to do with increasing their
taxes," said Prof. Guy yesterday. "This
fear is probably due to the fact that
only a short while back the commis-
sioners of the revenue went around
with their interrogatories concerning
the personal property and there is yet
lurking in the minds of people that I
am after about the same thing. This
fear is without foundation for my re-
port simply appertains to the school
children alone."

GOV. MONTAGUE SPEAKS TONIGHT

Will Discuss His Candidacy for the
United States Senate in the
Courthouse at 8 o'clock

Much interest is felt in political cir-
cles in the meeting at the courthouse
tonight, when Governor A. J. Montague,
candidate for United States Sen-
ate, will address the voters of Ham-
pton, Phoebus and Elizabeth City coun-
ty. This will be the first speech made
in Hampton by any of the candidates
in the State campaign and it is like-
ly that a large crowd will gather to
hear his excellency discuss his reasons
for wanting to take Senator Martin's
position in the higher branch of the
United States government body.

Governor Montague is quite popular
with the people of Elizabeth City
county and his presence will no doubt
attract many of those who will vote
against him to the courthouse for the
governor is recognized as one of the
most polished speakers in Virginia.

Mayor Thornton F. Jones will pre-
side at the meeting and Governor
Montague will be presented to the au-
dience by Mr. John Weymouth.

to be evenly matched and a good con-
test is expected.
